BlockInvest selected for for Euronext's TechShare '23 program

Milan, 27 January 2023

BlockInvest announces it has been selected for TechShare 2023, Euronext Group's pan-European pre-IPO training program. The project, now in its eight year, aims to help European companies in the technology, media and telecommunications, and science sectors that aspire to list in the next 1-3 years.

This year the programme will cover 7 European countries: Belgium, France, Germany and Central-Eastern Europe, Italy, the Netherlands, Portugal and Spain, plus Ireland and Norway with IPOready. 140+ companies from 16 different Countries will be joining the 2023 cohort starting from the Opening Campus in Rotterdam.

During the six-month journey, structured on several main and complementary modules, participants will discover the route to IPO. In each country, several workshop sessions will be held with expert partners covering the IPO process, the legal perspective, IPO valuation, equity story, financial communication, corporate governance, and post-listing requirements.

Companies will benefit from extensive individual coaching sessions with audit firms, lawyers, communication specialists, and investor relations specialists providing customized advice.

In addition, TechShare will be an opportunity to network with some of the most innovative technology companies at the European level, consequently fueling BlockInvest's growth.

"We still have a long way to go. The whole team is going on this journey with unparalleled determination. Even if we're keeping our feet firmly planted in the ground, we also have the healthy ambition to outperform ourselves" commented Lorenzo Rigatti, Founder and CEO of BlockInvest.

Euronext is the leading equity listing venue in Europe, with over 1900 companies listed on Euronext market. The total aggregate market capitalization exceeds 6.3t € and their network is made of 6400+ active institutional investors.

Since the launch of Euronext's TechShare and IPOready pre-IPO educational programme in 2015, more than 680 companies have participated. With 700+ Tech companies listed on its markets, Euronext is the number one equity listing venue for Tech in Europe.

BlockInvest is a fast-growing fintech start-up based in Milan, founded by professionals from the blockchain, real estate and finance sectors.

It provides plug and play and custom solutions for companies and financial institutions looking to enter the blockchain space.

The company is consolidating its competitive position, both in Italy and Europe, thanks to the tokenization of different types of assets represented on blockchain. Thanks to this maturation process, as of December 2021, it has become the first Italian startup in which Crédit Agricole has chosen to invest in.
